Social Assessment in Specific Sectors.....	18
International Case Studies: SIA in Australia, Canada, Finland, Netherlands, UK.....	20
3.1 Australia - Leading Practice in SIA	20
New South Wales SIA Guideline and Rocky Hill Case.....	20
Queensland SIA Framework for Mining	23
Australian Mining Sector SIA Practice	24
3.2 Canada - Comprehensive SIA Guidance.....	26
SIA in the Canadian context	26
Regulatory Frameworks with SIA Requirements	26
SIA Phases and Tasks (Canadian Good Practice) ⁵²	27
Canadian Case Study Examples ⁵²	28

Special Considerations for Indigenous Peoples ⁵²	29
3.3 Finland - SIA in Urban Planning	30
SIA in the Finnish Context	30
Legislative Background	30
Jyväskylä City - Pioneer in Urban SIA ^{53,54}	31
Integration into Planning Process ⁵⁴	32
Challenges and Lessons ⁵³	32
3.4 Netherlands - Infrastructure SIA	33
MIRT Framework	33
Research on SIA Opportunities for MIRT ⁵⁷	33
Case Study: Schiphol-Amsterdam-Almere (SAA) Program ⁵⁸	34
3.5 United Kingdom - Housing Development SIA	35
UK SIA Regulatory Context	35
SIA to Measure Social Sustainability	35
Case Study: William Dunbar and William Saville Houses, South Kilburn Estate, London	37
Co-Production Methodology ⁶⁰	38
Three Sets of Findings ⁶⁰	38
Development ⁶⁴	38
Critiques and Challenges ⁶⁴	39
3.6 International Financial Institutions' SIA Requirements	39
IFC Sustainability Framework	39
IFC's Broadened SIA Approach ⁶⁷	39
2012 Performance Standards Update ⁶⁷	40
World Bank Environmental and Social Framework (2016) ⁵²	40
3.7 Comparative Analysis - Key Lessons from International Cases	41
Regulatory Approaches	41

Methodological Approaches	41
Impact Categories	41
Benefit Enhancement	42
Indigenous and Vulnerable Groups	42
Monitoring and Adaptive Management	42
Challenges Identified Across Jurisdictions	42
Implementation Considerations and Conclusion	44
4.1 Contextual Applicability for Singapore.....	44
Current State.....	44
From Economic Priorities to Holistic Development.....	44
Emerging Recognition of Development's Social Impacts.....	45
Social Services Sector Expertise.....	45
Planning and Governance Infrastructure	46
4.2 Rationale: Why SIA is Timely for Singapore.....	46
Addressing Current Governance Gaps	46
Complementing Existing Frameworks:.....	46
4.3 Core Principles for Singapore's SIA Framework	47
4.4 Key Components of Singapore's SIA Regime.....	48
Statutory Basis and Authority.....	48
Impact Categories and Considerations	49
Qualifications and Professional Standards.....	49
Community Engagement.....	50
4.5 Requirements for SIA – Triggers and Scope.....	50
Mandatory SIA Triggers	50
Scale-Based Triggers	50
Location-Based Triggers	51
Special Triggers	51

Exemptions/Streamlined Assessment:	52
4.6 Voluntary SIA Opportunities	52
4.7 Assessment Scope and Timing.....	52
Assessment Scope.....	52
Timing.....	53
4.8 Applicability Framework	53
Public Sector (URA, HDB, JTC, etc.):.....	53
Private Sector Developers:.....	53
4.9 Developer Incentive Structures.....	54
Market-Based Incentives	54
Policy Incentives (if deemed appropriate)	54
4.10 Comprehensiveness and Effectiveness of SIA Regime	54
Ensuring Comprehensive Coverage	54
Ensuring Effectiveness Through Implementation Mechanisms	55
Effectiveness Criteria and Success Metrics	57
4.11 Risk Mitigation and Potential Challenges	58
Challenge 1: Potential Project Delays	58
Challenge 2: Assessment Quality Variability	58
Challenge 3: Community Engagement Burden	59
Challenge 4: Development Viability	59
Challenge 5: Balancing Development and Preservation	60
4.12 Contextual Alignment with Singapore's Development Imperatives	60
SIA as Instrument for Singapore's Social Compact	60
SIA as Response to Evolving Challenges.....	60
SIA as Tool for Economic Resilience	61
Bibliography	62
